# **CUTICURA HEALS**

Skin Trouble On Face. Disfigured. Used One Cake Soap and Box Ointment.

"For several years I had been troubled with blackheads on my face, and on the top of my nose, and also big blotches which badly disfigured my features, besides the suffering from burning and itching. Some of the blackheads used to come out as pimples and after a few days would be blotches with white heads.

Others came in hard lumps. "I found no relief until I used Cuticura. I used one cake of Cuticura Soap and one hox of Ointment when I was healed."

CASUALTIES DESCRIBED.

Two Vermont Men Who Died of Pneumonia Spoken Of. Most of those whose names appeared

in the casualty lists Thursday have already been mentioned in the papers of the state. Private Ralph Douglas of Burlington went to Camp Green as a result of the drive made by Captain E. W. Gibson and was assigned to the 59th indied of pneumonia in a hospital in

Ernest Boyd of Wilmington went to BURLESON FAVORS ort Slocum about June I and was assigned to the headquarters company of the 129th field artillery. He died of pneumonia Nov. 1

Sergeant Joseph Cheney of Lyndon ville went to Camp Green last February and was assigned to the 58th infantry, going overseas in July. He was one of Karen D. Kasparian, Somerville, those men who was supposed to have gone to the Vermont regiment. He was

#### The Key to a Mystery. The Herald still declines to become ex-

cited over the president's proposed visit to Europe—pro or con. If it does not see any national or international necessity for Mr. Wilson's presence at or in the Pvt. Frank Petrangelo, Springfield, Mass. for Mr. Wilson's presence at or in the Pvt. Herbert E. DuMesnil, Lowell, Mass. immediate vicinity of the peace table it Pvt. John Jasinski, New Bedford, Mass. does think that Mr. Wilson's desire to see Paris and Versailles at this time is perfectly natural. Britain's king and queen are soon to be there, and so is the hero king of Belgium. That these royal-ties will be given a wondrous, welcome by the grateful people of France goes without the saying. Mr. Wilson well knows, however, that the reception in store for him will prove even more not-able and despite the Princetonian comment which would create a different impression, Mr. Wilson is human enough to ook forward with eagerness to a place in the sunshine that now engulfs Paris, no matter what the weather man may

The Herald looks upon the president's desire as natural enough; and it has no disposition to suspect-as do many of its women readers whose communications, for reasons which should be obvious, are not printed—that the mystery, if there is a mystery, is one to be solved by resort to the advice, "Cherchez la emme!"-New York Herald.

MAJ.-GEN. HARRIS MAKES REPORT

Total of 5,037 Enemy Aliens and its very life, and if not overcome it Were in Custody in United States

Washington, D. C., Dec. 6.-The de their lives in France should remain buried in that country until after the end of made. the war was reached in agreement with We the government of France. This is dis-closed in the annual report of Major General Harris, adjutant general, made pub-

lic to-day.
"Under articles agreed upon by the United States and the French government," General Harris says, "the remains of all soldiers who die in France are to lie buried in France until the termination of the war.

It was because of this agreement, the eport says, that relatives are informed f the place of burial of soldiers in France whenever this information is obainable

The statistics of the army given in the eport throw little light on the present organization, as they are of date of last June 30. Among items of interest presented, however, is the fact that the cent. Pvt. Clarence A. Ackerly, Bridgewater, adoption of the finger print identification system for the service not only served to identify 33 of the men lost with the l'uscania, who would otherwise have been buried among the unknown dead, but also enabled the department to sift out that 548 cases of fraudulent enlistment. The report shows also that a total of

5,037 enemy aliens were in custody as prisoners of war or under internment in this country. Of these 1,411 were prisman auxiliary war craft seized at the outbreak of the war. No prisoners taken by the army in France have been brought the United States.

During the period covered by the report, 11 prisoners died, 14 interned aliens were paroled by the department of jus-tice, and 13 escaped, of whom two were drowned. In all there were 29 escapes, but 16 were recaptured.

All guarantees contemplated by international law as to humane treatment, freedom in exercise of religious beliefs, full opportunity for education, proper healthful recreation and amusement and other privileges looking toward comfort, well-being and betterment of prisoners, fantry, going overseas last summer. ### Clothes that Save for Men of 14 to 21

There aren't any boys nowadays in the sense of fellows who haven't begun to take things seriously. The boys are all men in spirit; doing men's work; many are holding down the jobs of the men who are now in France.

They're learning too, that it's economy to pay enough to get good stuff-clothes or anything else.

We can help any of you young men who are doing the work of the fellows gone to war; we can see that you get clothes that save.

Hart Schaffner & Marx make that kind and we sell them because they are that kind; the styles are live ones. But they use no unnecessary cloth nor make the clothes cost any more. Ask us to show you the "prep" styles.

## Mr. Motorist: Winter Storage

Your battery is an electro-chemical combination. If your car is laid up for the winter the battery should be put in storage. We recommend that it be put in expert hands.

WET STORAGE

By wet storage is meant keeping the battery in a dry place, just as it is, charging and watering it about once a month. If the battery is not kept charged, it will sulphate.

DRY STORAGE

In dry storage the plates are taken out of the acid. The chemical action is suspended, Therefore, the useful life is lengthened for you. It is obvious that in Wet Storage the charging and discharging is naturally aging your battery without doing the equivalent in

Dry Storage is therefore best.

As the battery must be completely disassembled for dry storage, battery experts must do this. We are equipped for this work and will keep your battery in dry storage over the winter. It will be ready for you in the spring with new wooden separators which must be replaced.
